APPROVAL

OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the Point of Diversion and Place of Use Portion of the water of Mason Creek as heretofore granted under Permit 2125 is issued subject to the terms and conditions imposed in said Permit 2125 and with the understanding that no other rights on the source will be affected by the change proposed herein. A substantial headgate and measuring device must be installed and maintained to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water under this proposed change at any and all times.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not

to exceed 0.16 cubic feet per second, but not to exceed a seasonal duty of 4.0 acre-feet per acre of land irrigated from any and/or all sources.

Actual construction work shall begin on or before February 3, 1974

Proof of commencement of work shall be filed before March 3, 1974

Work must be prosecuted with reasonable diligence and be completed on or before February 3, 1975

Proof of completion of work shall be filed before March 3, 1975

Application of water to beneficial use shall be made on or before February 3, 1976

Proof of the application of water to beneficial use shall be filed on or before March 3, 1976

Map in support of proof of beneficial use shall be filed on or before March 3, 1976

Commencement of work filed MAR 22 1974

Completion of work filed MAR 22 1974

Proof of beneficial use filed MAR 22 1974
